What:

**A Free Educational Event
Grocery, HABA, et al Topics:**

- Recyclable or compostable alternatives for cereals, grains, and snacks
- Recycled content packaging
- Compostable or recyclable alternatives to fossil-plastics (alternatives to PS #6, and PVC #3): both film and rigid applications
- Non-GMO sources of biopolymers

Presentations with small group break-out sessions. Small group collaboration will center around the options for material pooling of biopolymers: for film application (such as bags), and for rigid applications (such as jars and bottles).
